

RC5014 & RCM5014 Models

standards testing procedures specified by ISO & ASABE. Factory assembled Saves customer set-up time and money. Fully welded top deck Fully welded deck adds strength. 7 Year gearbox warranty* Shows confidence in our gearboxes. 250 hp (168.4 kw) divider gearbox. Rugged heavy built gearboxes capable of handling heavy cutting applications. 225 hp (167.8 kw) spindle gearboxes. Rugged heavy built gearboxes capable of handling heavy cutting applications. Cat. 6 CV Fils wide range of tractors including high horsepower tractors. Star profile drivelines Divelines have access holes for greasing the U-joints and to grease the inner profiles. Protects drivelines and gearboxes by slipping clutches rather than twisting under shock loads and harsh mowing conditions. Easy greasable drivelines Drivelines have access holes for greasing the U-joints and to grease the inner profiles. Protects drivelines and gearboxes by slipping clutches rather than twisting the driveline when impacts are encountered. High blade tip speed 540 rpm: Center: 17,377 fpm (88.3 mps). Wings: 17,329 fpm (88 mps). 1012" (26.7 cm) Deck height Handles heavy cutting, which reduces balling-up of cut material under the deck. 3/16" G mm stump jumper (optional) backed with a 1" (1.5 cm) Heavy enough to handle conditions but not weigh unit down. Self-leveling pull-type hitch (optional)	Features	Benefits
Factory assembled Saves customer set-up time and money. Fully welded top deck Fully welded deck adds strength. 7 Vear gearbox warranty* Shows confidence in our gearboxes. 250 hp (167.8 kw) spindle gearboxs Rugged heavy built gearboxes capable of handling heavy cutting applications. Gearbox seal protection Gearbox bottom seal protection for longer bearing life. Input driveline: Holds up to shock loads and harsh mowing conditions. Cat. 6 CV Fits wide range of tractors including high horsperover tractors. Star profile drivelines Star profile spreads load out to many points on the shaft. More apt to resist bending and twisting under shock loads and harsh mowing conditions. Easy greasable drivelines Drivelines have access holes for greasing the U-joints and to grease the inner profiles. 4 Plate slip-clutch Protects drivelines and gearboxes by slipping clutches rather than twisting the driveline when impacts are encountered. High blade tip speed 540 rpm: Center: 17.377 fpm (88.3 mps), Wings: 17.329 fpm (88 mps) 100 rpm: Center: 18,165 fpm (92.4 mps), Wings: 17.329 fpm (88 mps) 101/2" (26.7 cm) Deck height Handles heavy cutting, which reduces balling-up of cut material under the deck. 3/16" (6 mm) stump jumper (optional) backed with a 1" (1.5 cm) Heavy ronugh to handle conditions but not weigh unit down.	Surpassed industry safety	All Land Pride cutters have been designed and tested and meet rigorous voluntary
Fully welded top deek Fully welded deck adds strength. 7 Year gearbox warranty' Shows confidence in our gearboxes. 250 hp (168.4 kw) glivider gearbox. Rugged heavy built gearboxes capable of handling heavy cutting applications. Gearbox seal protection Gearbox seal protection for longer bearing life. Input driveline: Holds up to shock loads and harsh mowing conditions. Star profile drivelines Star profile spreads load out to mary points on the shaft. More apt to resist bending and twisting under shock loads and harsh mowing conditions. Easy greasable drivelines Drivelines have access holes for greasing the U-joints and to grease the inner profiles. 4 Plate slip-clutch Protects drivelines and gearboxes by slipping clutches rather than twisting the driveline when impacts are encountered. Star profile greads Generous blade overlap diminates skipping. Starps), Wings: 17,329 fpm (88 mps) 100 rpm: Center: 17,377 fpm (88.3 mps), Wings: 17,329 fpm (88 mps) 1000 rpm: Center: 17,377 fpm (88.3 mps), Wings: 17,329 fpm (88 mps) 1012" (26.7 cm) Blade overlap Generous blade overlap eliminates skipping, especially in turns. Car cut brushy areas with saplings up to 3' (7.6 cm). 102" (26.7 cm) 10 gauge (3.4 mm) double deck Heavy round stump jumper with bottom gearbox seal protector. Can hold up to tough confitions. 10 gauge (3.4 mm	standards	testing procedures specified by ISO & ASABE.
7 Year gearbox warranty* Shows confidence in our gearboxes. 250 hp (168.4 kw) divider gearboxs Rugged heavy built gearboxes capable of handling heavy cutting applications. 250 hp (167.4 kw) spindle gearboxes Rugged heavy built gearboxes capable of handling heavy cutting applications. Gearbox seal protection Gearbox bottom seal protection for longer bearing life. Input driveline: Holds up to shock loads and harsh mowing conditions. Cat. 6 CV Fils wide range of tractors including high horsepower tractors. Star profile drivelines Divelines have access holes for greasing the U-joints and to grease the inner profiles. Protects drivelines and gearboxes by slipping clutches rather than twisting the driveline when impacts are encountered. High blade tip speed 540 rpm: Center: 17.377 fpm (88.3 mps). Wings: 17.329 fpm (88 mps) 100 rpm: Center: 18, 166 fpm (92.3 mps). Wings: 17.329 fpm (88 mps) Allows for a clean cut of material and even distribution. 6" (15.2 cm) Blade overlap Generous blade overlap eliminates skipping, especially in turns. High outting gapacity Can cut brushy areas with sapplings up to 3" (76 cm). 10 12" (26.7 cm) Deck height Handles heavy cuting, which reduces balling-up of cut material under the deck. 9/16" (5 mm) stump jumper Kedwabar wear by keeping hitch level while going through ditches. 10	Factory assembled	Saves customer set-up time and money.
